Nasser, Advisers Drafting Reply to Suez Plan

By JAMES M. LONG

CAIRO (U) — President Nasser met today with his top advisers, presumably to frame his reply to a British plan for international control of the Suez Canal.

Prime Minister Robert G. Menzies of Australia also was in consultation with members of the five-nation committee. The committee presented the majority plan of the London Suez conference to Nasser yesterday.

A committee spokesman said Menzies so far has done most of the talking but Nasser is expected to have his say at the opening conference. Nasser has rejected international control of the canal he seized July 26.

Nasser met with Foreign Minister Mahmoud Fawzi and his No. 1 political adviser, Ali Sabry, Sabry was in London as an observer during the Suez conference that Egypt refused to attend.

Both Fawzi and Sabry have attended the two meetings Nasser has held with the Menzies mission.

The Australian legation was in contact with diplomatic representatives in Cairo of the 18 nations supporting the international control plan drafted by Secretary of State Dulles.

The Menzies spokesman took time to label as nonsense rumors about Nasser's ultimatum.

"The atmosphere of the talks has been friendly with no sign of any hostility from either side," the spokesman said.

Despite the announced cordiality of the meetings, storm clouds still hang over Suez.

Girl Plunges 2,500 Feet From Plane

By PETER HAYES

SAN RAFAEL, Calif. (UP) — Searchers combed rugged mountain terrain today for the body of a pretty and cheerful coed who mysteriously plunged 2,500 feet to her death from an airplane.

Authorities called the death of 21-year-old Elizabeth Anderson, 21, a "bizarre and inexplicable" suicide. Miss Anderson, a graduate of the University of California, had thrown herself from the light aircraft on a flight to San Francisco.

The pilot, Stanley Gordon, 28, of Belvedere, Calif., landed the red and white Cessna plane here yesterday and told police Miss Anderson had jumped from the plane after a silent struggle with him.

Gordon said he had rented the plane at the San Rafael airport to take Miss Anderson on a flying date to San Francisco, a resort area on the Pacific Ocean a few miles north of San Francisco.

Both Fawzi and Sabry have attended the two meetings Nasser has held with the Menzies mission.

The Australian legation was in contact with diplomatic representatives in Cairo of the 18 nations supporting the international control plan drafted by Secretary of State Dulles.

The Menzies spokesman took time to label as nonsense rumors about Nasser's ultimatum.

"The atmosphere of the talks has been friendly with no sign of any hostility from either side," the spokesman said.

Despite the announced cordiality of the meetings, storm clouds still hang over Suez.

Declares Americans Will Fuel a Boom This Year by Spending More Than a Trillion Dollars

NEW YORK (UP) — Americans will fuel the boom this year by spending more than a quarter of a trillion dollars for goods and services of all kinds.

"Consumers are more confident about the economic future now than ever before and are backing this confidence with the greatest expenditure in history," said Economist A. W. Zolotow.

The head of International Statistical Bureau said he was greatly impressed during a recent cruise country trip with the optimism that prevails at the grass roots level.

"Consumers themselves are in an excellent position," Zolotow said in an exclusive United Press interview. "Employment is high, earnings are rising and consumers have liquid assets of a considerable magnitude."

Zolotow, a visiting professor at Virginia University's Graduate School of Business, predicted consumer spending this year will reach \$180 billion for goods, ranging from autos and refrigerators to clothing and food.

Spending for services such as haircuts, medical care and taxi cabs will rise to \$99 billion in 1956 from \$92.1 billion last year.

Zolotow anticipates a three to five per cent increase in retail sales during the fourth quarter, when the big Christmas buying season gets into high gear.

The near-term outlook for the economy is excellent," he said, noting that never has the nation's economic health been better.

Zolotow said at the end of June consumers had cash on hand totaling \$180.4 billion and U. S. government savings bonds, which have soared since 1950, totaled \$180.4 billion.

"Compared with 1950," he pointed out, "cash on hand is up \$88 billion and holdings of savings bonds \$14 billion."

Mr. Zolotow said that between 1950 and this year consumers, short-term debt rose from \$35.3 billion to \$137 billion, a 285 per cent increase.

He said that the reason for getting so much credit was the economic position of the American people.

"High prosperity and installment buying go together like beer and pretzels," he added. Zolotow said the nation's standard of living is the highest in the world and that it is not possible if people had to buy everything on a cash basis.

Consumers, by willingly borrowing money, are helping to keep production levels high and employment at high levels.

Big Shortage of Teachers in Arkansas

By TOM EYBARD

LITTLE ROCK (U) — Most Arkansas schools are opening today and the teacher shortage is as bad as it's ever been.

The situation, one of the worst in the nation, is being worsened by the fact that many teachers are leaving the state for better pay and working conditions.

The basic reason is salary—and that's sufficient reason for a teacher to leave," he said.

Teachers in rural areas, particularly in rural areas near the state's borders, these situations will be even more acute.

A finance course, offered last year, will be dropped from the curriculum. The school district is trying to do something to help.

But the pinch is being felt in the primary grades, too, where the shortage is most acute.

Generally the shortage can be traced to the fact that many teachers are leaving the state for better pay and working conditions.

Increasing enrollment is making the situation more pressing.

Integration Troubles Continue in Schools of Texas and Tennessee

Tanks Used to Break Mob at Oliver Springs

By RUSSELL BRUCE

OLIVER SPRINGS, Tenn. (U) — National Guardsmen rolled into this town today to break up a mob of whites who were attacking a school bus carrying Negro children.

About three hours later, the guard had dispersed the mob and returned to the school with 15 prisoners, members of an armed mob which had held the city in terror most of the night.

A guard spokesman said it will be determined later whether to charge them, adding:

"They are unruly and refused to obey the guard's orders, and it was necessary to arrest them."

Capt. Jack Dealy, public information officer, said "the task of the guard was to maintain law and order and to protect the school."

The guard came with 10 jeeps, mounted troops and two tanks, and entered a side door. The mob was being bunched around by the guard.

An unidentified Negro man who was being bunched around by the guard, said he saw a white man in the mob who was being bunched around by the guard.

Police Transfer Negroes From Texas School

By IRWIN FRANK

MANFIELD, Tex. (U) — Police transferred today 10 Negro students from a Texas school to a nearby school because of integration troubles.

The students were being bunched around by the guard, said he saw a white man in the mob who was being bunched around by the guard.

The guard came with 10 jeeps, mounted troops and two tanks, and entered a side door. The mob was being bunched around by the guard.

An unidentified Negro man who was being bunched around by the guard, said he saw a white man in the mob who was being bunched around by the guard.

Bus Service to Nashville Terminated

By JAMES M. LONG

Bus service between Hope and Nashville to State Highway 4 was discontinued by Missouri Pacific Transportation Co. after the final run today.

Authority to drop the twice-a-day roundtrip schedule was obtained by the bus firm after a series of hearings held in Little Rock over a two-year period.

The abandonment proposal was steadily opposed by Hope, Nashville, Washington and Ozark, Mo., on the grounds that the railroad carrier some years ago was permitted to abandon rail passenger service on the same route without opposition and therefore bus service ought to be maintained as the sole remaining public carrier between the two county-seat towns.

Missouri Pacific contended that present-day patronage no longer warranted continuing the run, and that the bus firm was in a better position to handle the business.

As late reports trickled in, an Associated Press tabulation covering the period from 6 p. m. to 11 p. m. (Friday to midnight Monday) showed 42 traffic deaths during the 76-hour weekend. There were 80 drawings and 71 deaths.

Integration Troubles Continue in Schools of Texas and Tennessee

By RUSSELL BRUCE

OLIVER SPRINGS, Tenn. (U) — National Guardsmen rolled into this town today to quell a rioting mob as racial violence spread with armed fury from nearby Clinton.

About three hours later, the guard had dispersed the mob and returned to Clinton with 15 prisoners, members of an armed mob which had held the city in terror most of the night.

A guard spokesman said it will be determined later whether to charge them, adding:

"They are unruly and refused to obey the guard's orders, and it was necessary to arrest them."

Capt. Jack Dealy, public information officer, said "the task of the guard was to maintain law and order."

The guard came with 10 jeeps, mounted troops and two tanks, and entered a side door.

An unidentified Negro man was killed in the rioting.

As the school doors opened, U. S. Marshal Frank Quigley stood on the steps of the school building.

He was surrounded by a mob of about 100 persons.

He was surrounded by a mob of about 100 persons.

Tanks Used to Break Mob at Oliver Springs

By RUSSELL BRUCE

OLIVER SPRINGS, Tenn. (U) — National Guardsmen rolled into this town today to quell a rioting mob as racial violence spread with armed fury from nearby Clinton.

About three hours later, the guard had dispersed the mob and returned to Clinton with 15 prisoners, members of an armed mob which had held the city in terror most of the night.

A guard spokesman said it will be determined later whether to charge them, adding:

Nasser, Advisers Drafting Reply to Suez Plan

By JAMES M. LONG

CAIRO (U) — President Nasser met today with his top advisers, presumably to frame his reply to a British plan for international control of the Suez Canal.

Prime Minister Robert G. Menzies of Australia also was in consultation with members of the five-nation committee. The committee presented the majority plan of the London Suez conference to Nasser yesterday.

A committee spokesman said Menzies so far has done most of the talking but Nasser is expected to have his say at the opening conference. Nasser has rejected international control of the canal he seized July 26.

Nasser met with Foreign Minister Mahmoud Fawzi and his No. 1 political adviser, Ali Sabry, Sabry was in London as an observer during the Suez conference that Egypt refused to attend.

Both Fawzi and Sabry have attended the two meetings Nasser has held with the Menzies mission. The Australian legation was in contact with diplomatic representatives in Cairo of the 18 nations supporting the international control plan drafted by Secretary of State Dulles.

The Menzies spokesman took time to label as nonsense rumors about in Cairo that Menzies had been hostile to the plan, the spokesman said.

"The atmosphere of the talks has been friendly with no sign of hostility from either side," the spokesman said.

Despite the announced cordiality of the meetings, storm clouds still hang over Suez.

Bus service to Nashville Terminated

Bus service between Hope and Nashville to State Highway 4 was discontinued by Missouri Pacific Transportation Co. after the final run today.

Authority to drop the twice-a-day roundtrip schedule was obtained by the bus firm after a series of discussions with the Missouri Pacific.

Declares Americans Will Fuel a Boom This Year by Spending More Than a Trillion Dollars

NEW YORK (U) — Americans will fuel the boom this year by spending more than a quarter of a trillion dollars for goods and services of all kinds.

"Consumers are more confident about the economic future now than ever before and are backing this confidence with the greatest expenditure in history," said Economist A. W. Zolotow.

The head of International Statistical Bureau said he was greatly impressed during a recent cruise country trip with the optimism that prevails at the grass roots level.

"Consumers themselves are in an excellent position," Zolotow said in an exclusive United Press interview. "Employment is high, earnings are rising and consumers have liquid assets of a considerable magnitude."

Zolotow, a visiting professor at Virginia University's Graduate School of Business, predicted consumer spending this year will reach \$180 billion for goods ranging from autos and refrigerators to clothing and food.

Spending for services such as haircuts, medical care and taxi cabs will rise to \$99 billion in 1956 from \$92.1 billion last year.

Zolotow anticipates a three to five per cent increase in retail sales during the fourth quarter, when the big Christmas buying season gets into high gear.

The year's term outlook for the economy is "excellent," he said, noting that never has the nation's economic health been better.

Zolotow said at the end of June consumers had cash on hand totaling \$180.4 billion and U. S. government savings bonds, which have soared since 1955, totaled \$180.4 billion.

"Compared with 1955," he pointed out, "cash on hand is up \$88 billion and holdings of savings bonds \$3.4 billion."

Mr. Zolotow was speaking at a luncheon here today. He is a visiting professor at the University of Virginia.

Big Shortage of Teachers in Arkansas

By TOM EYBARD

LITTLE ROCK (U) — Most Arkansas schools are opening today and the teacher shortage is as bad as it's ever been.

The situation, one of the worst in the nation, is being caused by the state's school administrators, says a spokesman for the state education department.

The basic reason is salary—and that's sufficient reason for a teacher to leave," he said.

A salary course, offered last year, will be dropped from the curriculum. The state will not pay more than \$10,000 a year to a teacher.

But the pinch is being felt in the primary grades, too, where the shortage is most acute.

Generally the shortage is being caused by the fact that many teachers are leaving the state.

Increasing enrollment is making the shortage more pressing.

Nasser, Advisers Drafting Reply to Suez Plan

By JAMES M. LONG

CAIRO (U) — President Nasser met today with his top advisers, presumably to frame his reply to a U.S. plan for international control of the Suez Canal.

Prime Minister Robert G. Menzies of Australia also was in consultation with members of the five-nation committee. The committee presented the majority view of the London Suez conference to Nasser yesterday.

A committee spokesman said Menzies so far has done most of the talking but Nasser is expected to have his say at the opening conference. Nasser has rejected international control of the canal he seized July 26.

Nasser met with Foreign Minister Mahmoud Fawzi and his No. 1 political adviser, Ali Sabry, Sabry was in London as an observer during the Suez conference that Egypt refused to attend.

Both Fawzi and Sabry have attended the two meetings Nasser has held with the Menzies mission. The Australian legation was in contact with diplomatic representatives in Cairo of the 18 nations supporting the international control plan drafted by Secretary of State Dulles.

The Menzies spokesman took time to label as nonsense rumors about Nasser's intention to attack the British legation in London.

"The atmosphere of the talks has been friendly with no sign of any hostility from either side," the spokesman said.

Despite the announced cordiality of the meetings, storm clouds still hang over Suez.

Bus Service to Nashville Terminated

By The Associated Press

Bus service between Hope and Nashville to State Highway 4 was discontinued by Missouri Pacific Transportation Co. after the final run Labor Day.

Authority to run the twice-a-day roundtrip schedule was obtained by the bus firm after a series of public service Commission hearings held in Little Rock over a two-year period.

The abandonment proposal was steadily opposed by Hope, Nashville, Washington and Ozark, Mo., on the grounds that the railroad carrier some years ago was permitted to abandon rail passenger service on the same route without opposition and therefore bus service ought to be maintained as the sole remaining public carrier between the two county-seat towns.

Missouri Pacific contended that present-day patronage no longer warranted continuing the run, and that the bus firm was in a better position to handle the business.

As late reports trickled in, an Associated Press tabulation covering the period from 6 p. m. to 11 p. m. (Friday to midnight Monday) showed 42 traffic deaths during the 78-hour weekend. There were 80 drawings and 71 deaths, a variety of accidents for an overall victim toll of 62.

The National Safety Council has estimated at least 400 persons would die in traffic mishaps, many of them in the home, where deaths were occurring at the rate of about five an hour, the council said. It said the rate of deaths was about five an hour, the council said.

But Ned H. Dearborn, safety council president, said today that the holiday traffic toll took a turn for the better at noon on Labor Day and the improvement continued right on through the end of the holiday.

He meant a saving of at least 40 lives in the final toll, he said. Dearborn said credit for "this saving" belonged to traffic law enforcement authorities, the press and television and "drivers themselves who responded to the first three hours of the holiday."

"But," he said, "a toll of 42 lives is still a horrible price to pay for a holiday dedicated to better living conditions for the average man."

In the 1955 Labor Day holiday, there were 48 traffic deaths, the record toll for any Labor Day holiday was established in 1951 when 40 were killed on the nation's highways and streets.

Girl Plunges 2,500 Feet From Plane

By PETER HAYES

SAN RAFAEL, Calif. (UP) — Searchers combed rugged mountain terrain today for the body of a pretty and cheerful coed who mysteriously plunged 2,500 feet to her death from an airplane.

Authorities called the death of 21-year-old Elizabeth Anderson, 21, a "bizarre and inexplicable" suicide. Miss Anderson, a graduate of the University of California, had thrown herself from the light aircraft on a flight from San Francisco to Los Angeles.

The pilot, Stanley Gordon, 28, of Belvedere, Calif., landed the red Cessna 441 plane here yesterday and told police Miss Anderson had jumped from the plane after a silent struggle with him.

Gordon said he had rented the plane at the San Rafael airport to take Miss Anderson on a flying date to Stinson Beach, a resort area on the Pacific Ocean a few miles north of San Francisco.

He said he had been talking to her for about 15 minutes before she jumped. He said he was not sure if she was alone or if there were other people in the plane.

He said he was not sure if she was alone or if there were other people in the plane.

Declares Americans Will Fuel a Boom This Year by Spending More Than a Trillion Dollars

By The Associated Press

NEW YORK (UP) — Americans will fuel the boom this year by spending more than a quarter of a trillion dollars for goods and services of all kinds, Zolotek said today.

"Consumers are more confident about the economic future now than ever before and are backing this confidence with the greatest expenditure in history," said Zolotek, a visiting professor at the University of California.

The head of International Statistical Bureau said he was greatly impressed during a recent cruise country trip with the optimism that prevails at the grass roots level.

"Consumers themselves are in an excellent position," Zolotek said in an exclusive United Press interview. "Employment is high, earnings are rising and consumers have liquid assets of a considerable magnitude."

Zolotek, a visiting professor at Virginia University's Graduate School of Business, predicted consumer spending this year will reach \$180 billion for goods ranging from food and refrigerators to clothing and autos. This compares with \$161.5 billion in 1955.

Spending for services such as haircuts, medical care and taxi cabs will rise to \$99 billion in 1956 from \$92.1 billion last year.

Zolotek anticipates a three to five per cent increase in retail sales during the fourth quarter, when the big Christmas buying season gets into high gear.

The "near-term outlook for the economy is excellent," he said, noting that never has the nation's economic health been better.

Zolotek said at the end of June consumers had cash on hand totaling \$180.4 billion and U. S. government savings bonds, which have soared since 1954, totaled \$180.4 billion.

"Compared with 1955," he pointed out, "cash on hand is up \$88 billion and holdings of savings bonds \$3.4 billion."

Zolotek also noted that between 1950 and this year consumers, short-term debt rose from \$35.3 billion to \$87 billion.

He said the reason for getting so much credit was the economy position of the American people.

"High prosperity and installment buying go together like beer and pretzels," he added. Zolotek said the nation's standard of living is the highest in the world and that it would not be possible if people had to buy everything on a cash basis.

Consumers, by willingly borrowing money, are helping to keep production lines moving and employment at high levels.

"There has been a big revolution in America with respect to income distribution," Zolotek noted. "Recent years have seen the emergence of a big middle income group."

Grace Has No Plans for Movie

By The Associated Press

PARIS (UP) — Princess Grace of Monaco said today "I have no plans for making any films."

She was asked if she would like to make a movie, but she said she was not interested in the idea.

Grace and Prince Rainier are on a tour of the United States for a two months visit, starting in New York and ending in Los Angeles.

The princess is 34 years old and is the only daughter of Prince Louis of Monaco.

She was married to Prince Rainier in 1955.

Birds Seem to Be Giving Dogs Some Rugged Competition for 'Man's Best Friend' Title

By The Associated Press

NEW BRUNSWICK, N. J. (UP) — A constant war of attrition between dogs and birds is being waged in a suburban New Jersey town.

The war is being waged in a suburban New Jersey town.

Big Shortage of Teachers in Arkansas

By TOM EYBARD

LITTLE ROCK (U) — Most Arkansas schools are opening today and the teacher shortage is as bad as it's ever been.

The situation, one of the worst in the nation, is being described by school administrators as "a disaster."

Arch W. Ford, director of the Arkansas State Department of Education, said the shortage is particularly acute in rural areas near the state's borders, where situations are "desperate."

A finance course, offered last year, will be dropped from the curriculum. The school board is considering a plan to have teachers teach in two schools, one in the morning and one in the afternoon.

The problem is most acute in high schools, where such courses as physics, chemistry and biology are being dropped.

It is harder for a school to get by with a teacher of less than average ability. The school board is considering a plan to have teachers teach in two schools, one in the morning and one in the afternoon.

The problem is most acute in high schools, where such courses as physics, chemistry and biology are being dropped.

Integration Troubles Continue in Schools of Texas and Tennessee

By RUSSELL BRUCE

OLIVER SPRINGS, Tenn. (U) — National Guardsmen rolled into this town today to quell a rioting mob that was attacking a school bus.

About three hours later, the guard had dispersed the mob and returned to the school with 15 prisoners, members of an armed mob which had held the city in terror most of the night.

A guard spokesman said it will be determined later whether to charge them, adding:

"They are unruly and refused to obey the guard's orders, and it was necessary to arrest them."

Capt. Jack Dealy, public information officer, said "the task of the guard was to maintain law and order and to protect the school."

The guard came with 10 jeeps, mounted troops and two tanks, and entered a side door. The mob was being bunched around by the guard, and a shot was fired at the crowd, wounding a white man in the arm. The wounded man was identified as a member of the mob.

Truman Raps Republicans in Address

By The Associated Press

MILWAUKEE (U) — Harry S. Truman rapped the Republicans yesterday throughout his Labor Day speech, describing the GOP administration as "dominated by money changers and by the interests of the few."

The President's four-hour address was a scathing attack on the GOP administration, which he said had "ruined the lives of millions of Americans."

Truman said the GOP administration had "ruined the lives of millions of Americans."

Ike Planning Streamlined Campaign

By MARVIN L. ARROWSMITH

WASHINGTON (U) — President Eisenhower has just about completed plans for a streamlined reelection campaign aimed at saving the president's time and energy.

The President worked on the blueprint for his campaign for several days, and he is now working on a tax program that will help the big man and disregard the little fellow.

Truman told the newsmen the campaign would be a "streamlined" one, and that he would not be making as many speeches as he had in previous years.

Truman said the campaign would be a "streamlined" one, and that he would not be making as many speeches as he had in previous years.

All Around the Town

By The Star Staff

Reese Chambers is mighty proud of his girl, Sunday, a 14-year-old Navajo Indian girl who is the first Navajo girl to attend a boarding school.

Chambers said the girl is named Mary, and that she is the first Navajo girl to attend a boarding school.

57TH YEAR: VOL. 57 — NO. 275

Nasser, Advisers Drafting Reply to Suez Plan

By JAMES M. LONG

CAIRO (U) — President Nasser met today with his top advisers, presumably to frame his reply to a U.S. ultimatum for the withdrawal of British troops from the Suez Canal.

Prime Minister Robert G. Menzies of Australia also was in consultation with members of the five-nation committee. The committee presented the majority view of the London Suez conference to Nasser yesterday.

A committee spokesman said Menzies so far has done most of the talking but Nasser is expected to have his say at the opening conference. Nasser has rejected international control of the canal.

Nasser met with Foreign Minister Mahmoud Fawzi and his No. 1 political adviser, Ali Sabry, Sabry was in London as an observer during the Suez conference that Egypt refused to attend.

Both Fawzi and Sabry have attended the two meetings Nasser has held with the Menzies mission. The Australian legation was in contact with diplomatic representatives in Cairo of the 18 nations supporting the international control plan drafted by Secretary of State Dulles.

The Menzies spokesman took time to label as nonsense rumors about Nasser's intention to attack the British legation in Cairo.

"The atmosphere of the talks has been friendly with no sign of any hostility from either side," the spokesman said.

Despite the announced cordiality of the meetings, storm clouds still hang over Suez.

Miss Anderson, a graduate of the University of California, had been thrown from the light aircraft and was injured. She was taken to a hospital.

The pilot, Stanley Gordon, 28, of Belvedere, Calif., landed the red and white twin-engine plane here yesterday and told police Miss Anderson had jumped from the plane after a silent struggle with him.

Gordon said he had rented the plane at the San Rafael airport to take Miss Anderson on a flying date to Stinson Beach, a resort area on the Pacific Ocean a few miles north of San Francisco.

Declares Americans Will Fuel a Boom This Year by Spending More Than a Trillion Dollars

NEW YORK (U) — Americans will fuel the boom this year by spending more than a quarter of a trillion dollars for goods and services of all kinds.

"Consumers are more confident about the economic future now than ever before and are backing this confidence with the greatest expenditure in history," said Economist A. W. Zolotow.

The head of International Statistical Bureau said he was greatly impressed during a recent cruise country trip with the optimism that prevails at the grass roots level.

"Consumers themselves are in an excellent position," Zolotow said in an exclusive United Press interview. "Employment is high, earnings are rising and consumers have liquid assets of a considerable magnitude."

Zolotow, a visiting professor at Virginia University's Graduate School of Business, predicted consumer spending this year will reach a record—\$110 billion, an increase of \$11 billion over 1955.

This big increase will be channeled in the face of a declining demand for automobiles and a decline in housing starts.

The economist, who wrote "no depression in our lifetime," said Americans this year will spend more than \$100 billion on food and clothing and more than \$10 billion on recreation.

Spending for services such as haircuts, medical care and taxi cabs will rise to \$99 billion in 1956 from \$92.1 billion last year.

Zolotow anticipates a three to five per cent increase in retail sales during the fourth quarter, when the big Christmas buying season gets into high gear.

The year's term outlook for the economy is "excellent," he said, noting that never has the nation's economic health been better.

Zolotow said at the end of June consumers had cash on hand totaling \$180.4 billion and U. S. government savings bonds, which have soared since 1955, totaled \$180.4 billion.

"Compared with 1955," he pointed out, "cash on hand is up \$38 billion and holdings of savings bonds \$3.4 billion."

Girl Plunges 2,500 Feet From Plane

By PETER HAYES

SAN RAFAEL, Calif. (U) — Searchers combed rugged mountain terrain today for the body of a pretty and cheerful coed who mysteriously plunged 2,500 feet to her death from an airplane.

Authorities called the death of 21-year-old Elizabeth Anderson, 21, a "bizarre and inexplicable" suicide. Miss Anderson, a graduate of the University of California, had been thrown from the light aircraft and was injured. She was taken to a hospital.

The pilot, Stanley Gordon, 28, of Belvedere, Calif., landed the red and white twin-engine plane here yesterday and told police Miss Anderson had jumped from the plane after a silent struggle with him.

Gordon said he had rented the plane at the San Rafael airport to take Miss Anderson on a flying date to Stinson Beach, a resort area on the Pacific Ocean a few miles north of San Francisco.

Big Shortage of Teachers in Arkansas

By TOM EYBARD

LITTLE ROCK (U) — Most Arkansas schools are opening today and the teacher shortage is as bad as it's ever been.

The situation, one of the worst in the nation, is being caused by the resignation of thousands of teachers who have left the profession for a variety of reasons.

Some of the reasons cited are low salaries, lack of advancement opportunities, and the physical demands of the job.

Others have left to pursue other careers, and some have moved to other states where the situation is less dire.

The shortage is particularly acute in rural areas where there are fewer alternative employment opportunities.

School officials are trying to make do with the teachers they have, but the quality of education is being affected.

Some schools are having to cancel classes or have teachers teach multiple classes.

The situation is expected to worsen as the school year progresses and more teachers leave.

Efforts are being made to attract new teachers, but the problem remains a serious one.

Parents are concerned about the impact of the shortage on their children's education.

The state education department is working to address the problem, but it remains a challenge.

Integration Troubles Continue in Schools of Texas and Tennessee

By RUSSELL BRUCE

OLIVER SPRINGS, Tenn. (U) — National Guardsmen rolled into this town today to quell a rioting mob that was attacking a school bus.

About three hours later, the guard had dispersed the mob and returned to the school bus. The rioting had begun when a school bus carrying Negro students was stopped by a mob of white citizens.

The mob, which included many white citizens, was attacking the bus and the students. The guardsmen arrived to break up the mob.

The rioting continued for several hours, with the mob attacking the bus and the students. The guardsmen were forced to use force to disperse the mob.

The situation in Texas is also tense, with reports of violence in several schools. The state is working to maintain order.

The federal government is providing support to the states in dealing with the integration troubles. The situation remains a national concern.

The schools are trying to continue their normal operations, but the atmosphere is tense. The violence has caused many to flee the area.

The state is working to provide protection for the students and teachers. The situation is expected to remain volatile.

OLIVER SPRINGS, Tenn. (U) — National Guardsmen rolled into this town today to quell a rioting mob that was attacking a school bus.

About three hours later, the guard had dispersed the mob and returned to the school bus. The rioting had begun when a school bus carrying Negro students was stopped by a mob of white citizens.

The mob, which included many white citizens, was attacking the bus and the students. The guardsmen arrived to break up the mob.

The rioting continued for several hours, with the mob attacking the bus and the students. The guardsmen were forced to use force to disperse the mob.

The situation in Texas is also tense, with reports of violence in several schools. The state is working to maintain order.

The federal government is providing support to the states in dealing with the integration troubles. The situation remains a national concern.

The schools are trying to continue their normal operations, but the atmosphere is tense. The violence has caused many to flee the area.

The state is working to provide protection for the students and teachers. The situation is expected to remain volatile.

The federal government is monitoring the situation closely. The integration process is a long and difficult one.

The schools are trying to provide a safe environment for all students. The violence has caused many to flee the area.

Tanks Used to Break Mob at Oliver Springs

printed on their menus the slogan, "Eat here, die here."

That an American buffalo, for all his ungainly bulk, can fly across the plains at a speed of up to 40 miles an hour, I've heard for years that I thought was a tall tale. But when I saw a herd of buffalo in the mountains of Kentucky and Kentucky, I was convinced the result would be a further belief in the truth of the story.

That, despite medical progress, some 10 million Americans today suffer from some type of chronic ailment, I'm not including. The most widespread of all chronic diseases, that a Missouri medical journal reports have shown a man can drink a 12-ounce bottle of beer every half hour for eight hours or a gallon of alcohol in a week without raising the alcohol in his blood to the point of intoxication.

A bartender I asked about this commented, "That test must be kidding. I've never seen a man get drunk on beer. I've seen a man get drunk on wine, but I've never seen a man get drunk on beer."

That science still isn't sure just what sunspots are, but has found they occur roughly in 11-year cycles.

That you can go on believing— if you want to—that Sir Walter Raleigh once got away from his cloak on the muddy ground of Queen Elizabeth's step on foot, but many historians doubt the authenticity of the tale.

That "Yellow Kid" Walt reported to have generated millions as one of history's greatest swindlers, but his swindling was not in legitimate enterprises, it was in a flop.

That 1,600,000 Americans—1,589,999 besides Arthur Godfrey—will play the Ukulele, a musical instrument most of us thought went out with the raccoon coat era.

That one way to keep from cheating on a diet is to keep your refrigerator empty of food, and your refrigerator—so everyone you try

Bridge Club were entertained on Thursday afternoon by Mrs. J. M. Nelson at her home.

The living room was decorated with the usual decorations of pink and blue.

The high score was won by Mrs. C. M. McCaskill and the prize by Mrs. Allen Goss.

A tasty salad course was served.

Guests were Mrs. C. G. Hirst and Mrs. J. M. Nelson. Other members included Mrs. D. L. Atkins, Mrs. Basil Munn, Mrs. Saxon Hogan and Mrs. H. McCaskill.

Prizes were won by Mrs. J. M. Nelson and Mrs. C. G. Hirst.

Sullivan Feels Nothing Wrong With Kids Now

By CHARLES MERCER

SOUTHBRURY, Conn. (AP)—Ed Sullivan, wearing a bathrobe, walked slowly to a window of his million farm house, his shoulders slightly hunched by the pain of bearing severe cracked ribs and a split breast bone.

"It slows you down," he said. "It doesn't stop you," he added.

Sullivan, recovering from injuries he suffered in a head-on auto collision Aug. 6, returns to his CBS-TV show Sunday evening, Sept. 16.

"If the accident taught me one thing," he says, "it was the value of lining up programs well in advance. It also moved me deeply to learn how many friends I have."

Since the accident he has received more than 35,000 letters and messages from viewers who have told him how much they miss his regular Sunday night appearances and look forward to his return.

Photographs of the accident scene which Sullivan showed Sunday indicated that he was fortunate indeed to come out as lightly as he did. His non-injured ribs were bruised and look forward to his return.

How does Sullivan feel about the competition of Steve Allen (NBC-TV), who comes on at the same hour Sunday evenings on a majority of the nation's home sets?

"Steve is doing a good job," said Sullivan. "He's the strongest thing that has yet been put against me. Times are changing, you know."

"In the old days, when television had an audience of five million or so, it didn't support two popular shows at the same time. But now there's an audience of 60 to 80 million. If the two shows are good, they can both survive."

The known dead were four crew members and 14 waiters and housekeepers who were asleep in a dormitory car on the Chief.

The identified dead are L. J. Rush of Raton, N. M., mail train engineer; E. Foster of Raton, engineer on the Chief; W. H. Fiqua of Bogalusa, La., later said he was driving the train when it derailed; and W. L. Schriever of Raton, N. M., conductor on the Chief.

In critical condition is Jim Walter of Rockford, Ill., chief cook, seriously injured and in critical condition.

Associated Press writer John B. Curtis said the task even of determining the number of dead was complicated because of the condition of the trains, said, "are mangled, twisted and standing on end. Women's shoes, bedclothing and suitcases are strewn everywhere."

Ambulances, doctors and other aid units from northern New Mexico were summoned to the scene.

An accident occurred at 3:10 a.m. five miles south of here in a gently rolling ranch country.

The main line of the Santa Fe at this point parallels U. S. Highway 15. Only the diesel units of the train were on the track, crushed and torn.

Of 13 cars in the Chief, only seven remain on the track. Others, Curtis said, were twisted and mangled, and scattered in all directions.

A Santa Fe spokesman said the Chief was carrying an open switch train into the siding where the mail train was waiting.

Y. P. Schmidt, a sailor from Milwaukee, was two cars back in the dormitory car. He said "I looked out when things settled down and the front end of the car looked like a front radiator."

Nurses from this area held a meeting at Hopedale Memorial hospital last night and heard a talk and demonstration on hygiene by Dr. Edwin Dildy of Nashville.

This was the regular monthly session of the organization, which has nurses from Prescott, Ariz., Phoenix, Ariz., and other parts of the state.

At Least 20 Persons Killed When Trains Hit Head-on in New Mexico

Santa Fe's Chief Crashes Into a Mail Train

SPRINGER, N. M. (AP)—An open switch sent the Santa Fe Chief crashing head-on into a sidetracked mail train today in northern New Mexico, killing at least 20 persons.

The mail train No. 10, carrying 20 passengers, was waiting for the Chief to pass when it was struck.

The Chief, carrying 20 passengers, was also waiting for the mail train to pass when it was struck.

A spokesman said the death toll might go higher when wreckage from the trains is recovered.

The Chief was carrying 20 passengers, and the mail train was carrying 20 passengers.

The Chief was carrying 20 passengers, and the mail train was carrying 20 passengers.

The known dead were four crew members and 14 waiters and housekeepers who were asleep in a dormitory car on the Chief.

The identified dead are L. J. Rush of Raton, N. M., mail train engineer; E. Foster of Raton, engineer on the Chief; W. H. Fiqua of Bogalusa, La., later said he was driving the train when it derailed; and W. L. Schriever of Raton, N. M., conductor on the Chief.
